

Make your own **CHRISTMAS TREE DECORATIONS!**

You will need:

- Card
- Scissors
- Needle
- Ribbon or thread
- Glue stick

Instructions:

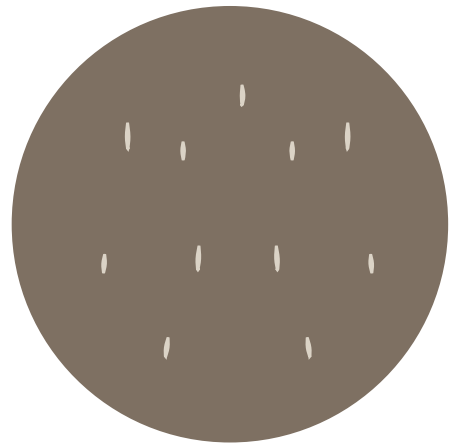

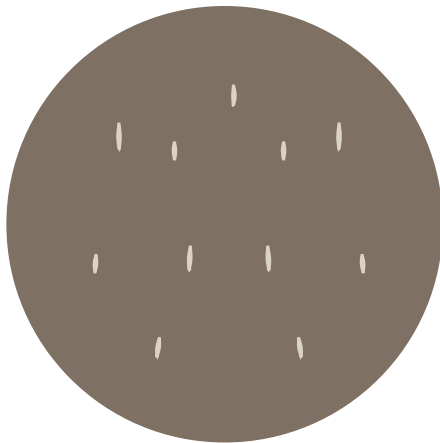

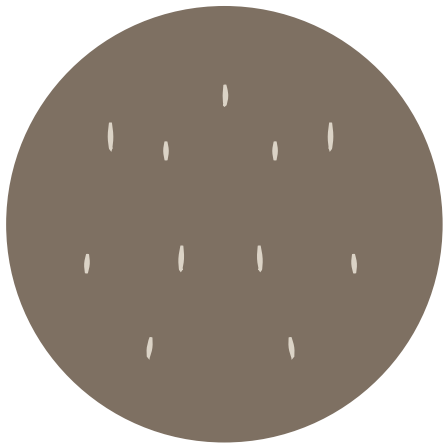

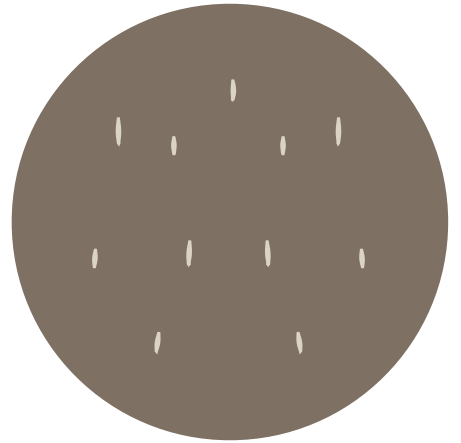

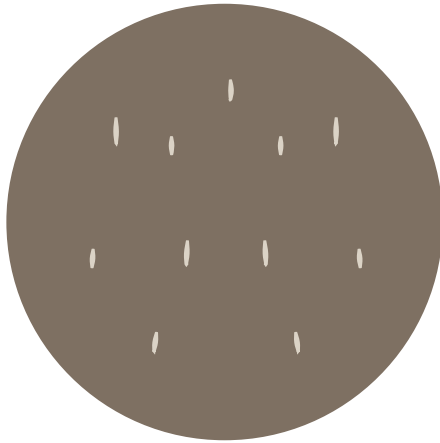

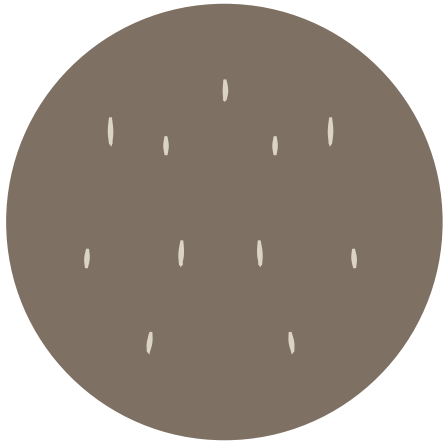

- Print me in colour, it's best to use card rather than paper
- Carefully cut out all nine circles of the character you are wanting to create
- Using a needle, carefully pop a hole at the top of the circle with a hat, ears or antlers on
- Loop a length of ribbon or thread through the hole
- Fold all the cut-out circles in half
- The four of the plain coloured circles will be used to make the back of the decoration, the other two plain coloured circles and the circles with faces on will be at the front
- Glue half of a plain coloured circle to the front of the circle with a hat, ears or antlers on, then glue half of the face piece to that one - then the other half of the face will need to be glued on to that one and then lastly the second plain circle will be glued to that one as well as the circle with a hat, ears or antlers on
- Repeat this on the back – glue a plain coloured circle to the back of the circle with a hat, ears or antlers on, then the second plain coloured circle to that one, and so on until the fourth piece is glued to the back of the hat, ears or antlers
- Ta-da! You've created your very own Frugi tree decoration!

Yasmine the Yeti!

Reggie the Reindeer

Snowy the Snow Person
