

# FRUGI BIRTHDAY CELEBRATION HATS!

We've created these fun birthday hats just in time for Frugi's 18th birthday, so get crafting now or save them for when your little one's special day comes around!

What you'll need:

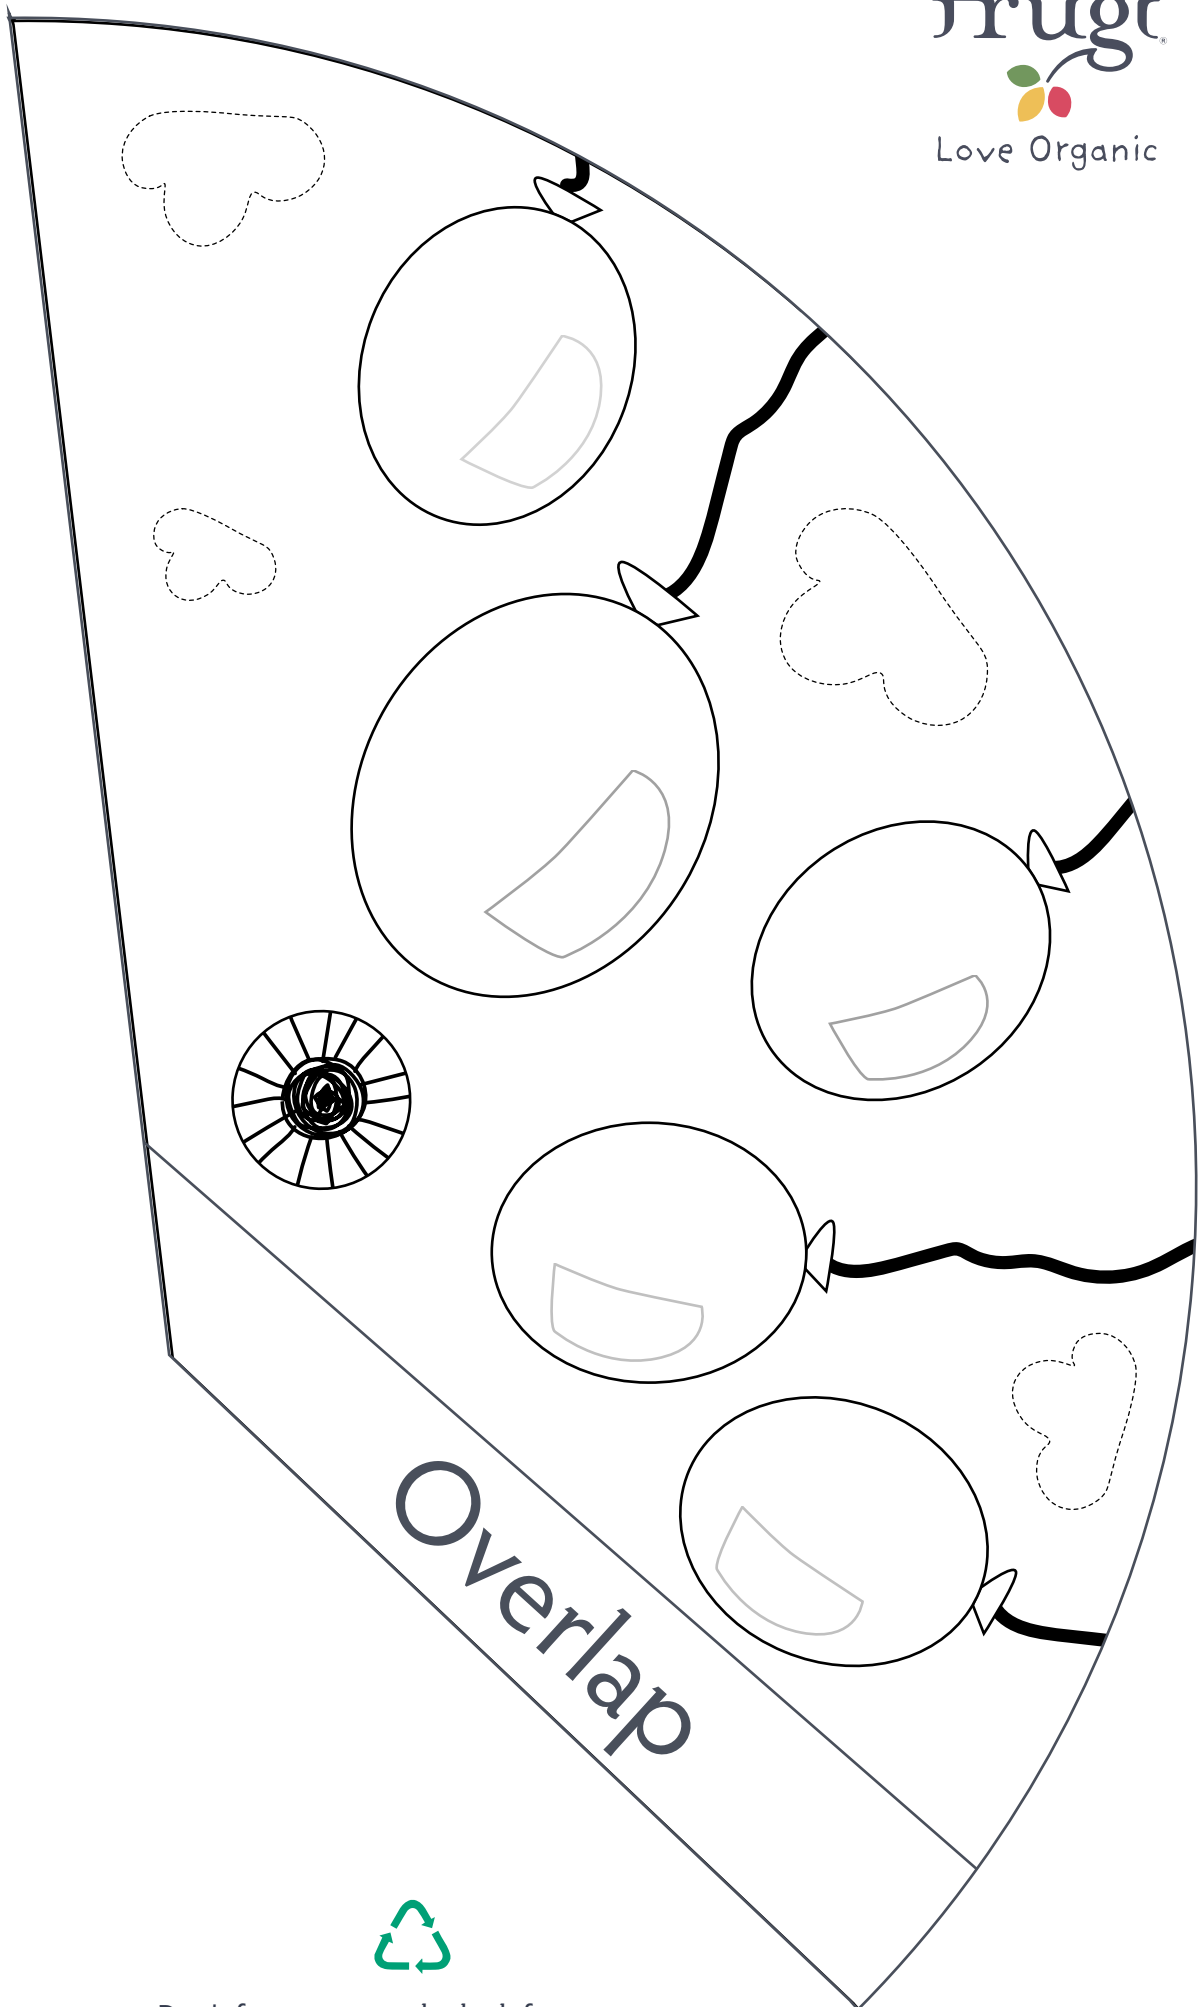

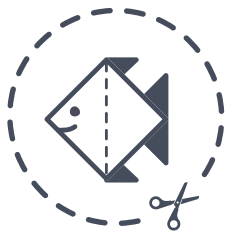

- Paper or card (card works best)
- Colouring pencils
- Scissors
- Glue stick
- Ribbon

Instructions:

1. Print out page 2 for a pre-coloured birthday hat or page 3 to colour in your own.
2. Carefully cut out your hat and colour it in if you've gone for the plain one.
3. Without creasing the card, bend it around until both sides meet and use a glue stick to glue the tab to the inside of the hat.
4. Cut two long lengths of ribbon and with the crease at the back of the hat, glue each piece to the opposite sides of the hat, on the inside.
5. Pop the hat on your little one's head and tie the pieces of ribbon together in a loose bow, trimming off any long edges.
