

# CREATE A FRUGI SUMMERTIME WREATH

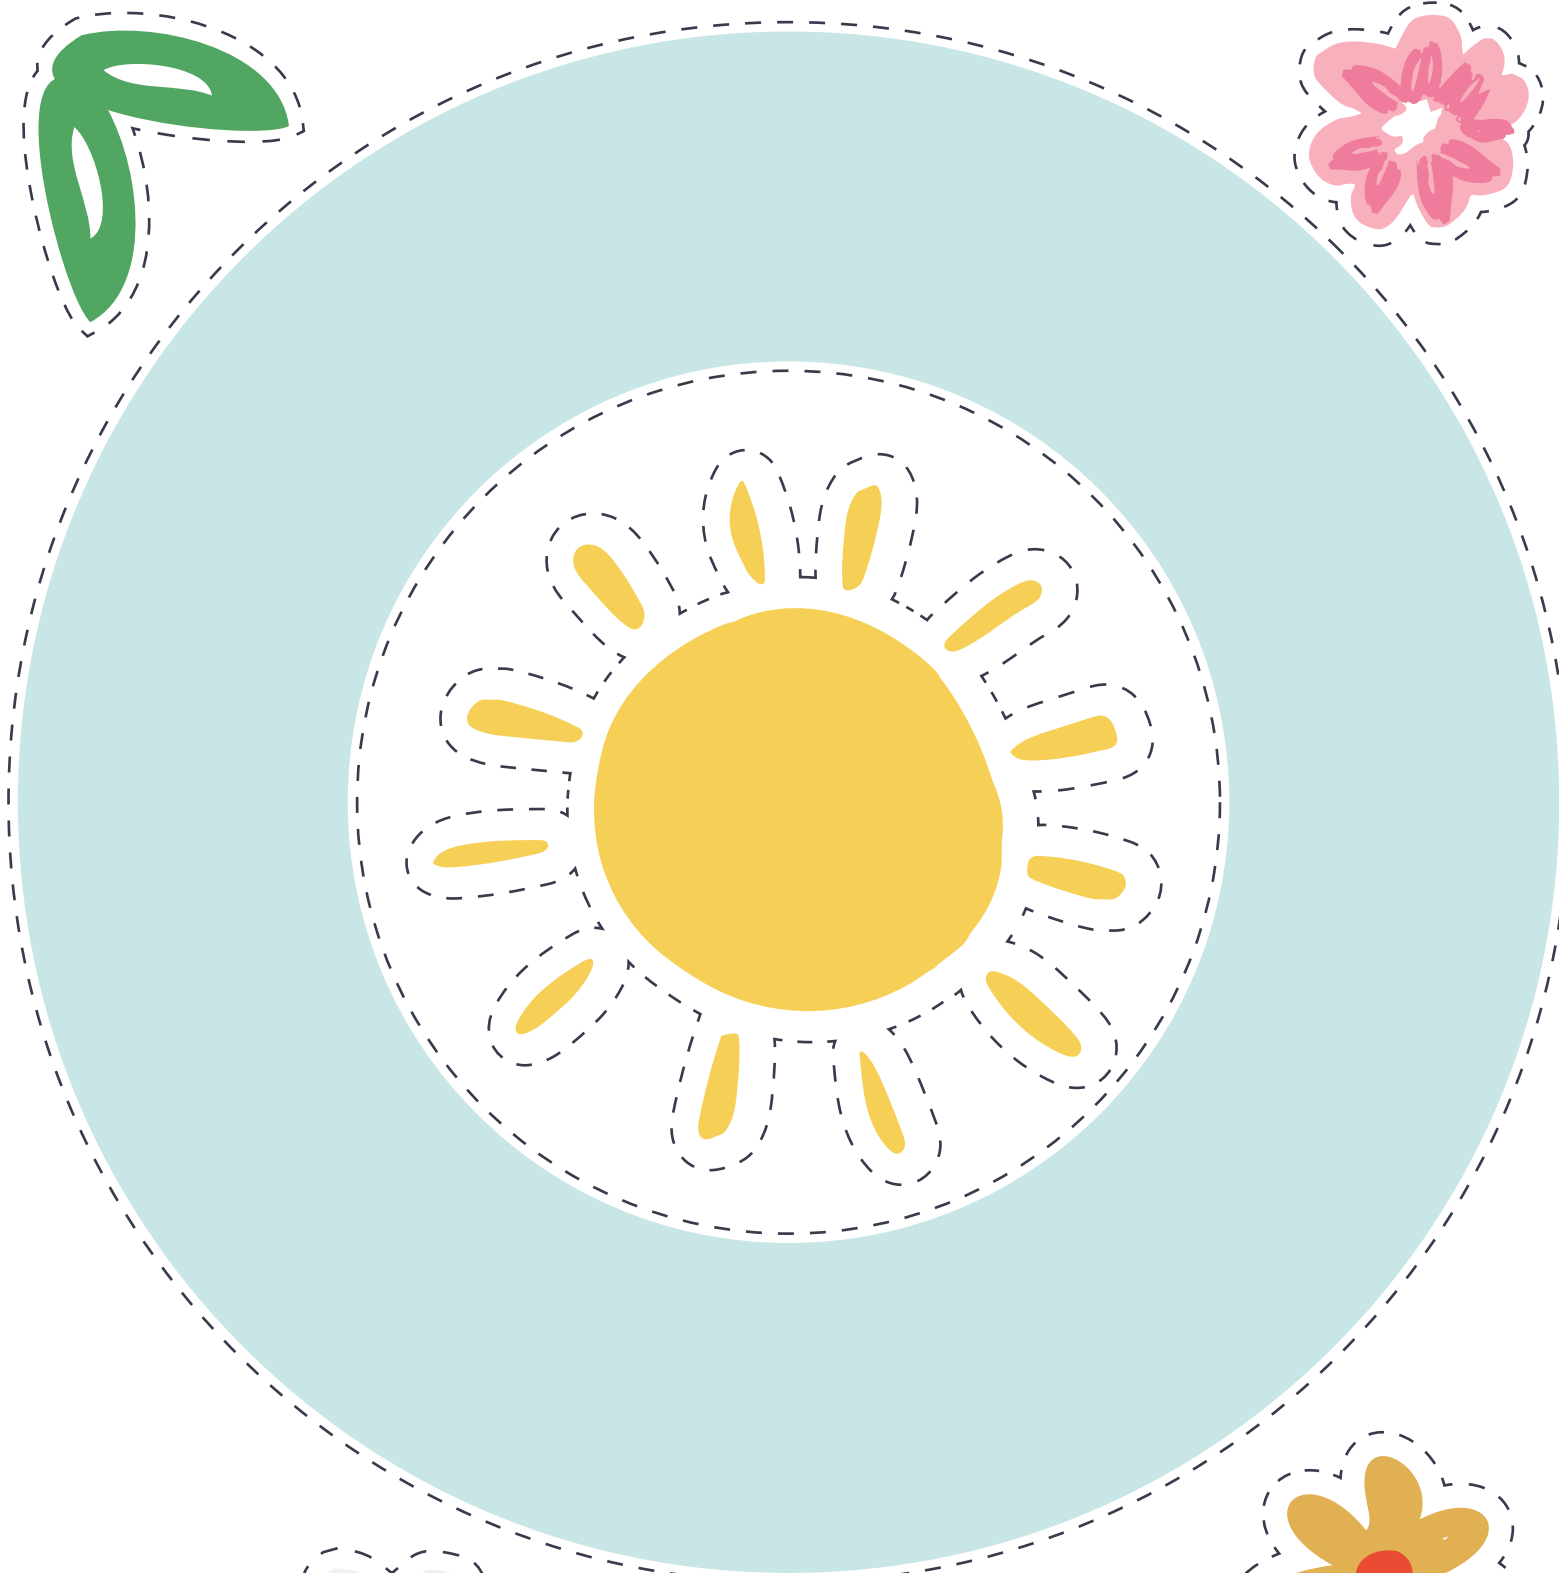

## You will need :

- \* Paper plate
- \* Paper or card (card works better)
- \* Ribbon
- \* Scissors
- \* Glue stick

1. Cut the inner part from the paper plate, so that you have the outer portion intact, in a ring shape.
2. Print out the next few pages of flowers, suns as many times as needed.
3. Carefully cut around the edges of each one.
4. Glue each element onto the back of the paper plate wreath.
5. Use your piece of ribbon to create a loop and stick it behind your wreath.
6. Hang it up and enjoy!

Don't forget to recycle the left over paper
